**Jorge Mario Bergoglio**  
**13.III.2013 — 21.IV.2025**

Today, the second Sunday of Easter, the Gospel (cf. Jn 20:19-31) tells us that, by believing in Jesus, Son of God, we can have eternal life in his name (v. 31). "To have life": what does it mean?

We all want to have life, but there are various ways of having it. For example, there are those who reduce existence to a frenetic race to enjoy and possess many things: to eat and drink, to enjoy themselves, to accumulate money and things, to feel strong and new emotions, and so on. It is a path that at first sight seems pleasurable, but which does not satisfy the heart. Today the Gospel says that this fullness of life, to which every one of us is called, is realized in Jesus. It is he who gives us this fullness of life. But how can one gain access to it, how can one experience it?

This is the way to "have life" every day: it is enough to fix one's gaze on the crucified and risen Jesus, encountering him in the Sacraments and in prayer, recognizing that he is present, believing in him, letting oneself be touched by his grace and guided by his example, experiencing the joy of loving like him. Every encounter with Jesus, a living encounter with him, enables us to have more life. Looking for Jesus, letting ourselves be found — because he looks for us — opening our heart to the encounter with Jesus.

However, let us ask ourselves: do I believe in the power of the Resurrection of Jesus, do I believe that Jesus is risen? Do I believe in his victory over sin, fear and death? Do I let myself be drawn into a relationship with the Lord, with Jesus? And do I let myself be prompted by him to love my brothers and sisters, and to hope every day?

(Pope Francis, *Regina Caeli*, April 7, 2024; <https://bit.ly/431LpuG>)

## Dear Parishioners

The OLS Finance Council presents the attached **Annual Financial Report for 2024**.

We invite you to take some time to review this report.

### First and foremost, **thank you** to everyone for your generous donations in 2024

- Your commitment to support the parish, both in terms of regularly contributing to the offertory collection from week to week but also for your contributions to special collections, is truly gratifying.
- In an environment where we are all dealing with uncertain and challenging economic circumstances, we offer particular thanks to those who have generously increased their level of giving. We continue to be laser-focused on efficiency and are committed to stretching the value of every dollar received through careful stewardship and thoughtful spending.

### Key points of the report include:

- **Receipts were up 12%** over 2023.
- Of particular note was the parish's response to special collections, and in particular to ShareLife where \$510,870 was raised in 2024, exceeding our parish goal. It is heartwarming to see the ongoing generosity of the parish to help our neighbours in need.
- **Disbursements increased by 21%** over 2023 due to:
  - Increased costs relating to the delivery of additional parish programs and services. We are providing many **more programs** than we have done previously, and parishioner participation in these important programs is growing, as is detailed below.
  - Costs in 2024 for the **repair and waterproofing** of the church building's exterior of \$103,814.

### Your donations designated for parish use support two main areas:

- **Programming:** allowing us to offer more high quality, high impact programs to the parish community. This gives parishioners opportunities to further develop their relationship with God, as well as opportunities to live out our baptismal promises.
- **Maintenance:** Caring for our beautiful church building can sometimes be daunting, given its age. Your support allows us to be proactive, rather than reactive, in ensuring that the building remains in good condition, to support the ministry of the parish. During 2024, the most urgent building-related items were related to repairing and waterproofing the church building's exterior -- following the plans outlined in the Building Committee's 2023 Report.

In addition to regular ongoing maintenance, the November 2024 Building Committee Report sets out the capital projects that are on the horizon. **With an ongoing focus on repair, prevention and security, the projects under consideration in 2025 are:**

- Complete a review of our existing mechanical heating and cooling systems at our church, which were installed in 1996.
- Replace the existing alarm system in the rectory and offices which has been exhibiting signs of failure. This will support effective and compliant burglar, fire and carbon monoxide detection.
- Assess the state of the church sound system and other parish communication channels.

The list of projects as outlined above is not a small one. As such, the need for your generosity continues.

---

### **Parish Life:**

The attached report summarizes our financial results, but more importantly, your contributions support our parish's sacramental and faith development. This past year, **participation in our spiritual programs has grown significantly.** Weekly Mass attendance remains steady at about 1,020 people, reflecting our parish's deepening spiritual engagement.

## Prayer Corner

As we conclude our focus on the fourth type of prayer, Thanksgiving, the Scriptures remind us that there are many reasons we should continue to give thanks to God:

- God gave us His greatest gift of love, salvation through Jesus. (John 3:16)
- God answers our prayers (John 11:41) and showers us with blessings (Philippians 4:6)
- He protects and keeps us in his care. (Psalm 91)

Please pick up a Thanksgiving prayer care at the church entrances and make time to pray every day. Access the online version at: <https://bit.ly/4bZicn3>
